

Best Ethical Discretionary Fund Manager

We are delighted to announce that we have won the title of **'Best Ethical Discretionary Fund Manager'** at this year's Moneyfacts Investment Life & Pensions awards.

This marks the third year that we have been placed in the top three amongst all competitors in the UK ethical discretionary market, and a first at top spot!

We are extremely proud to be recognised by a leading industry award, and it is a reflection of the hard work and dedication we put in to ensure your clients' portfolios reflect their core values.

As more and more investors want to see their funds aligned to promote positive environmental and social change, we would like to thank our clients for their continued support.

We look forward to another exciting year ahead!
